TO WHOM SO EVER IT MAY CONCERN

It is my pleasure to strongly recommend Mr. Yash Ganesh Salunke worked as an Entry-Level App Ninja at Kohli Media LLP under my mentorship during the Summer of 2020 for 3 Months, as a candidate for your esteemed company.

I, Naman Bansal, Operations Ninja (Operations Manager) at Kohli Media LLP have vast experience working as a Brand Manager and Brand Specialist and have seen many young professionals come and go. Yash is one individual I have worked with who uniquely stands out.

Yash played a significant role, often, in developing and implementing overall App Development in Android, and dealt with the details along with the bigger picture. His Coding Skills in App Development was excellent and his understanding to the problem-solving were unique and innovative, so Clients were always happy.

As a specialist with his time divided across many responsibilities, he balanced competing needs with humour and professionalism. He was polite, dedicated, intelligent and responsible intern for our company.

I am absolutely confident that Yash would be a great fit for any position that will draw upon his Skills and his proven record of contribution to Android App Development. He was a remarkable contributor.

As a Recommendation Letter likely only provides a snapshot of his talents and achievements, I would be happy to further elaborate on my time working with him. Please do not hesitate to contact me by email at naman.bansal@kohli.tel.

Sincerely,

Naman Bansal
Operations Ninja
